## NOTES FROM THE PASTOR

What can be said in New Year rhymes, that's not been said a thousand times? The new years come, the old years go, we know we dream, we dream we know.

We rise up laughing with the light, we lie down weeping with the night.

We hug the world until it stings, we curse it then and sigh for wings.

We live, we love, we woo, we wed, we wreath our prides, we sheet our dead. We laugh, we weep, we hope, we fear, and that's the burden of a year. *The Year* by Ella Wheeler Wilcox

Each new year and new beginning brings reflection of the joys and sorrows we have just experienced. May we meet this transition into 2025 with open hearts, open minds and a willingness to listen and learn from what has happened and what is to come. Happy to be in this chapter with you. Be well.
